# ZS COLOR

## LIQUID COLORS

Discover the multiple possibilities of using our liquid ZS COLOR for your applications.

### USE THEM ...

#### ... for aesthetic purposes

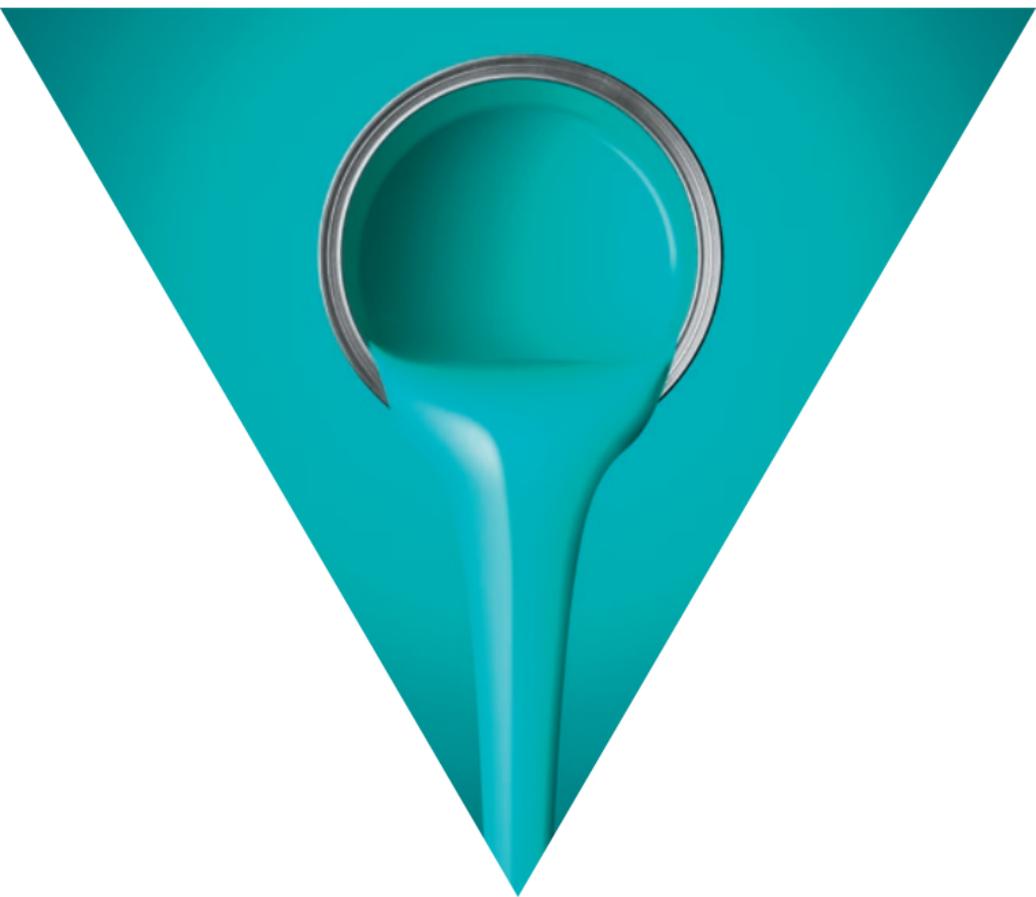

Discover our specially formulated colors for coloring refractory products – perfect for enhancing fireplaces.

#### ... to control quality through labelling

Use our colors to mark your products. This enables easy identification and traceability, ensuring that your products meet the highest quality standards.

#### ... to reduce energy costs with black colouring

Use our black inks to optimise the heat absorption of your products. A dark surface can help reduce energy costs by storing and releasing heat more effectively.
